

ASPRS -GIS Division Presents – GIS & Safety

TARI MARTIN

**DIRECTOR OF NATIONAL &
FEDERAL PROGRAMS**

**THE NATIONAL ALLIANCE FOR
PUBLIC SAFETY FOUNDATION**

**TUESDAY, DECEMBER 13, 2022
1:30PM EST**

Ms. Martin supports the delivery of training, the development of Standard Operating Procedures, and the outreach efforts for FEMA's Geospatial Cadre and is the Lead on Standard Incident Symbology Program. Prior to joining NAPSG, Mrs. Martin worked for 10+ years as a Geospatial Analyst at the local level supporting emergency management, fire, EMS and law enforcement operations. She is co-chair of the Communications and Partnerships Subcommittee for URISA's Community Resilience Committee. She co-authored, and is the instructor for, "Emergency Preparedness for the GIS Professional," a URISA certified workshop aimed at arming GIS staff supporting all sectors of public safety with a more thorough knowledge of the agencies they support, along with tools, resources, and best practices.
