

Photogrammetric Engineering

Volume XXII

APRIL, 1956

Number 2

CONTENTS

List of Sustaining Members	201
Board of Direction and Committee Chairmen	205
Information and Order Form for MANUAL OF PHOTOGRAMMETRY	210, 212
PHOTO and BIOGRAPHY of PRESIDENT WILLIAM C. CUDE	219
TECHNICAL PAPERS	
The Principles of Numerical Corrections in Aerial Photogrammetry <i>Bertil Hallert</i>	221
Graphic Determination of the Over-Correction Factor for Use in the Relative Orientation of Vertical Photographs of Any Terrain <i>Hugo Kasper</i>	239
TECHNICAL PAPERS: Contributions to Commissions of International Society of Photogrammetry	
Experiences with Convergent Photography <i>William C. Cude</i>	245
Instrumentation for the Integrated Photogrammetric System of the U. S. Geological Survey <i>Russell K. Bean</i>	249
Economic Factors in the Integrated Photogrammetric System of the U. S. Geological Survey <i>George D. Whitmore</i>	257
Hydrographic Application of Photogrammetry in the U. S. Coast & Geodetic Survey <i>G. C. Tewinkel</i>	263
New Developments in Photogrammetric Training for Geologists <i>David Landen</i>	271

(Continued on page 197)

Entered as second-class matter at the Post Office at Menasha, Wisconsin, under the Act of August 24, 1912. Additional entry as second-class matter at the Post Office at Washington, D. C. Acceptance for mailing at the special rate of postage provided for in section 34.40, paragraph d, P.L.&R.

Published five times a year, during the months of March, April, June, September and December, by the American Society of Photogrammetry. Publication Office 450-458 Ahnaip St., Menasha, Wis. and at Society's Address—1000 Eleventh St., N.W., Washington, D. C. The Editor's address is 3523 Raymond St., Chevy Chase 15, Md.

Copyright 1956 by the American Society of Photogrammetry. Reproduction of this issue or any part thereof, may be made only after obtaining the specific approval of the Society's Chairman of the Publications Committee.

The Society is not responsible for any statements made or opinions expressed in its Publications.

Subscription Rates—No charge to Society members in good standing; \$6 annually for subscribers in United States and its possessions; and \$6.50 annually, elsewhere. Society pays the postage. Price of individual back numbers—in U. S. and its possessions, \$1.75 per copy for single purchase of 3 or less and \$1.65 per copy, for 4 or more; elsewhere \$1.85 per copy for single purchase of 3 or less and \$1.75 per copy, for 4 or more. Orders for subscriptions or for individual copies should be sent to the Society's address.

Printed in the United States of America

CONTENTS (Continued from page 195)

TECHNICAL PAPERS—COMMISSION V, International Society of Photogrammetry	
Introduction	
<i>Gomer T. McNeil</i> , U. S. A. Reporter	283
System-Testing Cinetheodolites by Stars	
<i>Everett L. Merritt</i>	286
Elements of Long-Focus Photographic Astrometry	
<i>Peter van de Kamp</i>	314
Microscopic Topography by Means of Surface Replicas	
<i>David B. Scott</i>	326
Fairchild Analyzer	
<i>Karl J. Fairbanks</i>	334
Photogrammetry and the Photography of Motion	
<i>John H. Waddell</i>	351
Postural Analysis of Yale University Freshmen	
<i>T. Erwin Blesh</i>	357
PhotoMetric Camera	
<i>Theodore Yonkler</i>	363
Photogrammetry Applied to Making Sculptured Portraits	
<i>Wm. F. Engelmann</i>	366
Stereoscopic Medical Photography	
<i>Julius Halsman</i>	374
Macrophotogrammetry with the Donaldson Stereo-Camera	
<i>Gomer T. McNeil</i>	379
TECHNICAL PAPERS	
The Graphic Construction of Controlled Stereoscopic Models	
<i>Robert J. Hackman</i>	387
Determination of Relative Orientation for Two Overlapping Photographs	
Taken at a Common Exposure Station	
<i>Arthur H. Faulds</i>	392
The Galileo Santoni Stereosimplex Model III	
<i>George D. Hardy</i>	397
A Method of Shoreline Delineation	
<i>Frank H. McBeth</i>	400
The Use of Photogrammetry in Highway Work	
<i>Rex H. Fulton</i>	405
Triangulation with Helicopters	
<i>Kendall B. Wood</i>	409
News Notes	262, 350, 362, 386, 411
Resolving Power	412
News of Photogrammetrists	413
Advertising in PHOTOGRAMMETRIC ENGINEERING—Rates and Information	414
Application for Corporate Membership	415
Index to Advertisers	199

**EXCELLENT OPPORTUNITY FOR
FUTURE . . .**

Want engineer with photogrammetric background; must be experienced in most phases of mapping operations and equipment, field work, and estimating. Engineer's license and general business experience desirable but not mandatory. Send complete qualifications, including recent picture of self and references to World Wide Cartography, 127 Airport Blvd., San Antonio, Texas.

Also want salesman thoroughly experienced in Photogrammetry—**aerial mapping sales**—opportunity for top sales job to right qualified man. Also want sales representation in Los Angeles, Chicago, Washington areas.

WORLD WIDE CARTOGRAPHY, 127 Airport Blvd., San Antonio, Texas
