

PHOTOGRAMMETRIC ENGINEERING and REMOTE SENSING

Volume XLIII

June 1977

Number 6

COVER PHOTO—April 1976 NASA Landsat false color image of a portion of the Chagos Archipelago in the Indian Ocean with chart overlay from U. S. Chart 61610, 2nd Edition, February 21, 1976, produced by the Defense Mapping Agency Hydrographic Center. Depths shown on the overlay are in fathoms. Approximate scale is 1:333,333. Deep blue tones are indicative of deep ocean while paler patches represent light being reflected off subsurface reefs or shoals. A new chart was prepared from the Landsat images. See page 683.

TECHNICAL ARTICLES

- Landsat Goes to Sea
James C. Hammack683
- Bottom Configuration and Environment of Tampa Bay
J. S. Rosenshein, C. R. Goodwin, and Antonio Jurado693
- Planimetric Martian Triangulations
D. W. G. Arthur and D. K. McMacken701
- Progress in the Specification and Analysis of Image Quality
R. Welch709
- Soil Spectra Contributions to Grass Canopy Spectral Reflectance
Compton J. Tucker and Lee D. Miller721
- Regional Energy Availability from Conversion of Solid Waste
Donald Garofalo and Kenneth R. Martin.....727

Second-class postage paid at Falls Church, Virginia and at additional mailing offices.

Published monthly by the American Society of Photogrammetry, 105 N. Virginia Ave., Falls Church Virginia 22046. Publication Office—Everybody's Press, Hanover, Pa. 17331. (Also see Notice on second following page.)

Copyright 1977 by the American Society of Photogrammetry. Reproduction of this issue or any part thereof (except short quotations for use in the preparation of technical and scientific papers) may be made only after obtaining the specific approval of the Editor.

The Society is not responsible for any statements made or opinions expressed in the technical papers, advertisements, or other portions of this Publication.

MEMBERSHIP RATES: Membership in the American Society of Photogrammetry is open to any person actively engaged in the practice of Photogrammetry, Photo-interpretation and Remote Sensing, or who by means of education or profession is interested in the application or development of these arts and sciences. The annual dues for Regular members are \$20.00 which includes a \$10.00 member subscription to the Society's official journal, "Photogrammetric Engineering and Remote Sensing." The annual dues for accredited student members are \$7.00 which includes a \$5.00 student subscription to the official journal.

SUBSCRIPTION RATES: Persons or organizations that are not affiliated with the Society may obtain non-member subscriptions to Photogrammetric Engineering and Remote Sensing in accordance with the following schedule:

Non-member subscription . . . \$25.00 per year (calendar)

Student*non-member subscription . . . \$10.00 per year (calendar)

(*Students must submit evidence of enrollment)

Printed in the United States of America.
