

PHOTOGRAMMETRIC ENGINEERING and REMOTE SENSING

Volume XLVI

May 1980

Number 5

COVER PHOTO — A land cover map which includes a portion of the Tennessee Valley Authority's Land-Between-the-Lakes recreation area located in western Kentucky. The major water bodies are the northern ends of Kentucky Lake on the left and Barkley Lake on the right. This eight-category land cover map was produced from a digitally processed LANDSAT image recorded in May 1975. A team of faculty members from the College of Environmental Sciences at Murray State University cooperated with the NASA Earth Resources Laboratory at Slidell, Louisiana, in its production. Submitted by Professors W. A. Franklin and Thomas C. Kind of Murray State University at Murray, Kentucky.

TECHNICAL ARTICLES

Inland (Non-Tidal) Wetland Mapping

William R. Stewart, Virginia Carter, and Paul D. Brooks617

Enumeration of Prairie Wetlands with Landsat and Aircraft Data

*David S. Gilmer, Edgar A. Work, Jr., John E. Colwell, and
Diana L. Rebel*631

Airphoto Analysis of Erosion Control Practices

*Ken M. Morgan, Donald R. Morris-Jones, Gerhard B. Lee,
and Ralph W. Kiefer*637

The Field Measurement of Reflectance Factors

Dr. M. J. Duggin643

Spectral Assessment of Soybean Leaf Area and Leaf Biomass

Brent N. Holben, Compton J. Tucker, and Cheng-Jeng Fan651

(Continued on page 573)

Second-class postage paid at Falls Church, Virginia and at additional mailing offices.

Photogrammetric Engineering and Remote Sensing (ISSN 0099-1112) is published monthly by the American Society of Photogrammetry, 105 N. Virginia Ave., Falls Church Virginia 22046. Publication Office—Everybodys Press, Hanover, Pa. 17331. (Also see Notice on second following page.)

Copyright 1980 by the American Society of Photogrammetry. Reproduction of this issue or any part thereof (except short quotations for use in the preparation of technical and scientific papers) may be made only after obtaining the specific approval of the Editor.

The Society is not responsible for any statements made or opinions expressed in the technical papers, advertisements, or other portions of this Publication.

MEMBERSHIP RATES: Membership in the American Society of Photogrammetry is open to any person actively engaged in the practice of Photogrammetry, Photo-interpretation and Remote Sensing, or who by means of education or profession is interested in the application or development of these arts and sciences. The annual dues for Regular members are \$25.00 which includes a \$10.00 member subscription to the Society's official journal, "Photogrammetric Engineering and Remote Sensing." The annual dues for accredited student members are \$10.00 which includes a \$7.00 student subscription to the official journal. (All memberships are on a calendar year basis.)

SUBSCRIPTION RATES: Persons or organizations that are not affiliated with the Society may obtain non-member subscriptions to Photogrammetric Engineering and Remote Sensing in accordance with the following schedule:

Non-member subscription . . . \$30.00 per year (calendar)

Student* non-member subscription . . . \$10.00 per year (calendar)

(*Students must submit evidence of enrollment)

Printed in the United States of America.
