

PHOTOGRAMMETRIC ENGINEERING and REMOTE SENSING

Volume XLVIII

January 1982

Number 1

COVER PHOTO—This image is part of a Landsat 3 scene of the Canada (Alberta)/United States (Montana) border, recorded on 26 July 1978. The border is sharply defined by different land-use practices: rangeland in Alberta and strip-farming in Montana. Processed by the Canada Centre for Remote Sensing in Ottawa at a scale of approximately 1/500,000 and reduced to 1/290,000 for the cover. The image was submitted by the Alberta Remote Sensing Center, Edmonton.

TECHNICAL ARTICLES

- The Accuracy Potential of the Modern Bundle Block Adjustment in Aerial Photogrammetry
A. Grün 45
- Analytical Triangulation of Space Photography
M. E. O. Ali and A. J. Brandenberger 55
- Calibration and Model Reconstruction in Analytical Close-Range Stereophotogrammetry. Part I: Mathematical Fundamentals
W. Frobin and E. Hierholzer 67
- The Location of Three-Dimensional Linear Objects by Using Multiple Projections
S. Kondo, R. Ohba, and K. Murata 73
- Nonphotogrammetric Plotters for Photogrammetric Applications
Youssef I. Abdel-Aziz 81
- Production of Photogrammetric Stereopairs by Beam Division in Single-Lens Cameras
Horst H. Schöler 83
- Mapping in Tropical Forests: A New Approach Using the Laser APR
Herman Arp, Jean Claude Griesbach, and Joseph P. Burns 91
- Manual and Automatic Crop Identification with Airborne Radar Imagery
B. Brisco and R. Protz 101
- The Use of Digital Multi-Date Landsat Imagery in Terrain Classification
H. Schreier, L. C. Goodfellow, and L. M. Lavkulich 111
- Techniques for Combining Landsat and Ancillary Data for Digital Classification Improvement
Charles F. Hutchinson 123

(Continued on page 5)

Second-class postage paid at Falls Church, Virginia and at additional mailing offices.

Photogrammetric Engineering and Remote Sensing (ISSN 0099-1112) is published monthly by the American Society of Photogrammetry, 105 N. Virginia Ave., Falls Church, Virginia 22046. Publication Office—Everybody's Press, Hanover, Pa. 17331. (Also see Notice on second following page.)

Copyright 1982 by the American Society of Photogrammetry. Reproduction of this issue or any part thereof (except short quotations for use in the preparation of technical and scientific papers) may be made only after obtaining the specific approval of the Editor.

The Society is not responsible for any statements made or opinions expressed in the technical papers, advertisements, or other portions of this Publication.

MEMBERSHIP RATES: Membership in the American Society of Photogrammetry is open to any person actively engaged in the practice of Photogrammetry, Photo-interpretation and Remote Sensing, or who by means of education or profession is interested in the application or development of these arts and sciences. The annual dues for Regular members are \$30.00 which includes a \$15.00 member subscription to the Society's official journal, "Photogrammetric Engineering and Remote Sensing." The annual dues for accredited student members are \$12.50 which includes an \$8.00 student subscription to the official journal. (All memberships are on a calendar year basis.) Postmaster: send address changes to the American Society of Photogrammetry, 105 North Virginia Avenue, Falls Church, Virginia 22046.

SUBSCRIPTION RATES: Persons or organizations that are not affiliated with the Society may obtain non-member subscriptions to Photogrammetric Engineering and Remote Sensing in accordance with the following schedule:

- Non-member subscription . . . \$30.00 per year (calendar)
- Student* non-member subscription . . . \$10.00 per year (calendar)
- (* Students must submit evidence of enrollment)

Printed in the United States of America.
