PHOTOGRAMMETRIC ENGINEERING and REMOTE SENSING

Volume L April 1984 Number 4

Cover Photo — This image of Scottsdale was acquired on 21 June 1983, at an altitude of 22,000 feet, with a Daedalus AADS 1268 airborne scanner. The data were then reprocessed to simulate the spectral bands and the ground resolution of SPOT. The 10 m panchromatic and 20 m color bands are combined. The image scale is 1:37,650. Processed by CNES; copyright 1983 SPOT IMAGE Corporation, Washington, D.C.

Scottsdale is the site of the 1984 SPOT IMAGE Corp. Symposium, May 20-23, 1984. ASP is a coponsor.

Pioneers and Problems of Early American Photogrammetry Steven L. Richardson	433
Legal Aspects of Photogrammetric Measurements for Surveying and Mapping A. O. Quinn	453
Evaluation of Analytical Plotters for the Commercial Mapping Firm Stephen A. Mundy	457
Active Microwave Responses: An Aid in Improved Crop Classification W. D. Rosenthal and B. J. Blanchard	461
Assessing Change in the Surficial Character of a Semiarid Environment with Landsat Residual Images Thomas D. Frank	471
Designing a Deer Detection System Using a Multistage Classification Approach Manmohan M. Trivedi, Clair L. Wyatt, David R. Anderson, and Howard T. Voorheis	

(Continued on page 389)

Second-class postage paid at Falls Church, Virginia and at additional mailing offices.

Photogrammetric Engineering and Remote Sensing (ISSN 0099-1112) is published monthly by the American Society of Photogrammetry, 210 Little Falls Street, Falls Church, Virginia 22046. Publication Office—The Sheridan Press, Hanover, Pa. 17331. (Also see Notice on second following page.)

Copyright 1984 by the American Society of Photogrammetry. Reproduction of this issue or any part thereof (except short quotations for use in the preparation of technical and scientific papers) may be made only after obtaining the specific approval of the Editor.

The Society is not responsible for any statements made or opinions expressed in the technical papers, advertisements, or other portions of this Publication.

MEMBERSHIP RATES: Membership in the American Society of Photogrammetry is open to any person actively engaged in the practice of Photogrammetry, Photointerpretation and Remote Sensing, or who by means of education or profession is interested in the application or development of these arts and sciences. The annual dues for Regular members are \$40.00 which includes a \$20.00 member subscription to the Society's official journal, Photogrammetric Engineering and Remote Sensing. The annual dues for accredited student members are \$15.00 which includes an \$8.00 student subscription to the official journal. (All memberships are on a calendar year basis.) Add \$5 for all international memberships to cover cost of postage. Postmaster: send address changes to the American Society of Photogrammetry, 210 Little Falls Street, Falls Church, Virginia 22046.

SUBSCRIPTION RATES: Persons or organizations that are not affiliated with the Society may obtain non-member subscriptions to *Photogrammetric Engineering and Remote Sensing* in accordance with the following schedule:

Non-member subscription . . . \$65.00 per year (calendar) Add \$5 for international subscriptions.

Printed in the United States of America.
